Dear Diamond Ridge Parents,

Canyons School District is very interested in your opinion! We are asking for your help to identify how we can improve our schools and better support students and families.

Parents, students, teachers and administrators from Copperview, East Midvale, Midvale, Midvalley, Sandy Elementary Schools, Midvale Middle School, Union Middle and Hillcrest and Diamond Ridge High Schools are participating in this survey. **If you have children attending more than one school, please complete a separate survey for each school so that we can better respond to unique concerns.**

Your answers to this survey are very important to us and will help us identify things we are doing well and where we need to improve. We also want to know what additional programs or supports may be helpful to you. Results will be used to improve our services, develop community partnerships and seek grants for increased funding.

Our goal is to have every family return this survey. Your answers to the survey questions will be kept confidential and no one from the school district will see how you individually answered the questions. Your participation in this survey is of great service to your family, school, and community.

You may complete this survey using a paper/pencil version, which you can request from Lacey at (801)520.3428. Once requested, a paper version will be sent home with your student. If you prefer to do it electronically, use the the following QR code or link.

This survey is available in English, Spanish, Swahili, Portuguese, and Arabic .

CAYCI Parent/Caregiver

In order for results to be compiled, surveys must be completed by March 29, 2023. If you have any questions or concerns, please contact Wendy Dau, Director of Federal & State Programs at (801) 826-5111. Thank you so much for your participation.

Sincerely,

Principal Amy Boettger
